LMRP Food Network

The LMRP Food Network is a member of the Vancouver Neighbourhood FoodNetwork. We are a grassroots network of people, organizations and agencies collaborating on food initiatives. Our work is to ensure access to healthy, culturally appropriate and sustainably produced food for all community members.

There are three key areas for our work:

1. Riley Park Community Garden

Growing live Spring 2017! In Riley Park (30 th / Ontario), the Neighbourhood House is involved with the new Community Garden, the Fieldhouse, and the Shed.

Our garden is envisioned to create community space and social cohesion through participation, education and events. We promote food security by supporting neighbourhood organizations and community members with 100% of the food grown by our volunteers.

2. Food in Our Community:

A food asset map of community kitchens, low cost and free meals, food distribution, seniors discount days, food delivery. Visit <http://www.vch.ca/your-health/health-topics/food-asset-map-vancouver/>
