CHILD AND YOUTH PROGRAMS

Little Mountain Neighbourhood House offers a wide variety of programs and services for children and youth ages 6-18 years old. Ranging from after school literacy programs, homework clubs, pre-teen drop-ins, STEAM (science, technology, engineering, art, and math) camps, youth council, 1-1 special services, annual youth-driven community events, as well as spring, summer & winter camps, we aim to provide supportive, responsive and comfortable environments where children and youth can grow and thrive. All programs take place at the neighbourhood house, local elementary or secondary schools, and/or community organizations within the Riley Park and Sunset areas and are free or have minimal cost to access.

Our programs are funded by the Ministry of Children and Family Development, BC Gaming Branch, BC Housing, Service Canada, United Way BC, Vancity, BioTalent, Click, Soong Ching Ling Children's Foundation, Vancouver School Board, Community Schools Team, Parent Advisory Committees (PACs), and local donors.

SENIOR PROGRAMS (55+)

Little Mountain Neighbourhood House provides activities and workshops for seniors to connect them to the community. We offer a variety of recreational, social, and cultural activities that support the maintenance of a healthy mind, body, and spirit for seniors. The programs encourage language learning and provide enhanced information such as translated social and health resources. Seniors provide leadership in the development and delivery of these programs and activities. The various activities, outings and workshops help newcomer seniors feel comfortable in their new country.

長者活動(55岁以上)

小山鄰舍中心為長者們提供活動和健康講座，讓他們可以與社區有更緊密的聯系。我們提供的一系列具娛樂性、交際性及文化特色的活動有助於長者保持精神和身心的健康。這些活動不僅鼓勵長者學習新的語言，還為長者們提供基本的翻譯及進一步的健康資訊。長者在這些活動中義務擔當領導角色。這些不同類型的室內、外活動及講座還幫助新來的長者們更好、更快地適應加拿大的新生活。

Community Programs

LMNHS Food Hub

The LMNH Food Hub is our response to increased food insecurity in our community. Our mission is to create a local, community-led food system. We aim to reduce food insecurity in our community, and increase access to healthy food in a way that promotes dignity, equity and respect. We are dedicated to providing space to grow food, build community, and care for the lands on which we live, work, and play. Our Food Hub focuses on two priorities in our community: Growing Our Food and Feeding Our Community.

Riley Park Community Garden (30th/Ontario)

Riley Park Community Garden (RPCG) has a communal model of community gardening – which means we share the work and share the harvest.

Harvests are shared among volunteers, to support our food literacy program and for the LMNH food programs. The garden is also an inclusive gathering place reflecting our core visions to improve food security, ecological sustainability and community development.

There are no wait list to join this community garden, just a willingness to show up and join in the fun of growing your own food.

Food Distribution Program

The LMNHS Food Distribution Program was created due to increased food insecurity in our community during COVID-19. Starting out as a hamper program, it has evolved into a market style program where food is displayed on tables allowing participants to choose their food items. Operating on a weekly basis, we aim to provide healthy, culturally appropriate fresh produce and non-perishable food items at no cost.

Our program is currently only able to serve individuals who live within the geographic boundary from Cambie to Knight Street and 16th to 49th Avenue.

If you are in need of food support or would like to volunteer contact Sarah.

Yard Garden Harvest Program

We grow food selected by our Food Distribution Program Participants in our neighbours' back and front yards. The produce is then distributed at our Food Distribution Program. This program is an opportunity to volunteer and connect with people of all ages, learn how to create a foodscape and give back to your community. We have started to expand into gleaning in the neighbourhood by harvesting our neighbours' excess fruit and vegetables.

To offer your yard for production, or if you have fruit or food that could be harvested or to come volunteer with us, please contact Breagha.

Community Programs

Community Outreach and Engagement

Working together to build a resilient, healthy, food secure community.

Our programming includes:

Riley Park Farmers Market Donation Station

In partnership with the Vancouver Farmers Market. Monthly donations from farmers and shoppers support our Community Fridge project and LMNH food programs.

LMNHS Respect Policy Drafted

At LMNHS, we are proud to announce our new Respect Policy, designed to ensure that all members of our community feel safe and respected. Inspired by the best practices of our peers in other neighbourhood houses, our policy sets clear standards for behaviour and provides tools for addressing any incidents of disrespect. Join us in creating a welcoming and inclusive space for all!

Little Mountain Neighbourhood House Society

Respect Policy

Little Mountain Neighbourhood House Society assumes the best intentions of people. Our starting point is that we are all good people. This means that we actively encourage and nurture trust among people in our community. We expect everyone to be patient, polite, understanding, and to treat others with respect. We also expect everyone to treat Little Mountain Neighbourhood House Society's spaces and other people's belongings this way.

No matter what your race, gender, ethnic origin, sexual orientation, ability, religion, ancestry, political affiliation, language, financial status, age, record of offenses, immigration or family status, you will be respected here.

Every person is always welcome. But if behaviour compromises others, it will be the person's behaviour that is asked to leave. The amount of time will reflect the seriousness of the incident and the number of times it has occurred. The very same person will always be welcome when we can get beyond that behaviour.

Adapted and inspired by the Mt. Pleasant, Downtown Eastside and Gordon Neighbourhood Houses.
